

*Department of Electrical and
Electronics Engineering*

BATCH OF 2019-2023

"I'M SO GRATEFUL FOR THE EDUCATION I RECEIVED AT COLLEGE. IT HAS PREPARED ME FOR A SUCCESSFUL CAREER. I'M EXCITED TO START THE NEXT CHAPTER OF MY LIFE."

VISION

To be a premier centre for quality education, innovation and research in the field of Electrical and Electronics Engineering to meet the global challenges with professional ethics and social consciousness.

MISSION

- ❖ Provide a holistic environment to students through knowledge-centric and skill-based education
- ❖ Collaborate with industries for effective research and innovation in Electrical Engineering and allied areas
- ❖ Enable students to serve the society through prolific ideas with professionalism and ethical values

PROGRAM EDUCATIONAL OBJECTIVES (PEOs):

The Graduates of B.E. Electrical and Electronics Engineering, four years after graduation, will

PEO1: Apply the acquired knowledge and skills to meet the emerging needs of the society and also excel in their chosen profession

PEO2: Adapt to emerging technologies and continuously upskill through active research in Electrical Engineering and allied areas

PEO3: Demonstrate leadership skills and practice their profession conforming to ethical and human values

PROGRAM SPECIFIC OUTCOMES (PSOs)

The Graduates of B.E. Electrical and Electronics Engineering will be able to

PSO1: Analyse, design and test power electronic components integrated with computer-based systems to meet industrial and societal needs

PSO2: Deploy modern engineering tools to model, simulate, fabricate and integrate electrical systems with renewable energy to enhance sustainability

A distinctive imagination dreams and a more tenacious aim come out and bloom at KPRIET. KPR Management that server a large number of people in the society with heart filled satisfaction of knowing the verity of life. The only institution that affords a lot of practical exploration which enriches the tough upcoming part that exists inside as an accommodating part. Nothing is left! From encouraging little efforts to achieving the conspicuous throne, the institution comes along in an effective manner. KPR Institute helps gaining knowledge and adopting a good habitat in a unique way even in the period of Covid. The choice of getting a flower from KPRIET family tree is to explore beyond what you think. The jackpot of luck is having a crew of faculties who take responsibility and letting us grow our way. Since this is the emerging age of twining lights with outstanding skills and areas of interest, the choice I made was THE ELITE!

KPRIET has the best environment in and around Coimbatore. Around 70-80% of students get placed during their pre-final year. Being a student of KPRIET, I have witnessed the growth of the placement from the beginning for the betterment of the student community. The placement department provides specialized faculty members who support students to achieve their dreams. They also provide various tools, mock tests, and mock interviews to enhance the performance of the students. Our institute has wonderful and talented faculty members who support student dreams. I'm proud to

My journey at KPRIET was really awesome. It guided me in setting goal towards my passion and interest. It helped me in molding myself and in pursuing my dreams. The Management and Faculty team were very much supportive. Faculty members never hesitated to clear doubts at any time and place and in making the concepts clear. They put great effort in preparing study materials which are very much helpful in scoring marks. Hi tech lab facilities and campus connect programs make students industrial ready. They have signed MoU with several foreign universities helps in higher education of the students with scholarships abroad. Other than academic activities numerous co-curricular activities are conducted to enhance the student's skills. They are providing scholarship for students based on their performance. Some of the students are provided with full fee waiver. I am really going to miss green and peaceful eye-catching campus and infrastructure after course completion. KPRIET is a fast-growing college, and along with its growth, your future gets brighter
