# VISION AND MISSION OF THE DEPARTMENT

## Vision:

To be the **centre of higher learning** in the field of Electrical and Electronics Engineering by educating the students to meet the **global challenges** with **professional ethics and social consciousness**.

## Mission:

- Providing **technical, intellectual and ethical** environment to the students through **knowledge centric education and research**.
- Collaborating with industries in the vicinity, nationally and internationally for exposure and **innovation**.
- Enabling the students to **serve the society** through **prolific ideas**.

## Programme Educational Objectives (PEOs)

The Graduates of Electrical and Electronics Engineering will

- **PEO1** Possess an adequate knowledge to meet the needs of the stakeholders and excel in their chosen profession with good communication and managerial skills.
- **PEO2** Adapt to emerging technologies and practice their profession confirming to ethical and human values.
- **PEO3** Continuously improve the habit of self-study through professional development activities.

## Programme Outcomes (POs)

Graduates of Electrical and Electronics Engineering will be able to:

- **PO1 Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- **PO2 Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- **PO3 Design/development of Solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

- **PO4 Conduct Investigations of Complex Problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- **PO5 Modern Tool Usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- **PO6 The Engineer and Society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- **PO7 Environment and Sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- **PO8 Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- **PO9 Individual and Team Work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- **PO10 Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- **PO11 Project Management and Finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- **PO12 Life-long Learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

## Programme Specific Outcomes (PSOs)

Graduates of Electrical and Electronics Engineering will be able to:

- **PSO1** Develop skills to the expectations of the dynamic industrial practices in Electrical Engineering and allied areas.
- **PSO2** Analyze, design and integrate various renewable energy sources to meet the energy demand.

## ASSOCIATION ACTIVITIES

### Quiz Series on Electric Vehicles – XXVII

The department of Electrical and Electronics Engineering organized a “Quiz Series on Electric Vehicles – XXVII” on 11/12/2021 open to all, who are keen on emerging EV technologies. The poster is circulated to various Institutions and in social media digitally. Participants from various Institutions, Universities and Industries across India and foreign nations have participated in this quiz.

- This Quiz had 10 questions covering Electric Vehicle Technologies
- Each question carries 10 marks.
- The participants who scored 50% and above were issued with Certificate of Appreciation.

The details of the Program Participants are given below:

Total Participants	:	130
Participants cleared the quiz and received Certificate	:	118

The poster features a green and blue color scheme. At the top left is the KPR Institute of Engineering and Technology logo with the tagline 'Learn Beyond' and '(Autonomous, NAAC "A")' and the address 'Avinashi Road, Arasur, Coimbatore.' To the right is the IEEE logo and 'IEEE Students' Branch (SB60107085)'. Below this, it says 'Department of Electrical and Electronics Engineering' and 'Conducts'. The main title is 'Quiz Series on Electric Vehicles - XXVII' in large green letters. Below the title, it says 'Come and Play the Quiz to Assess Your knowledge update on EV!' followed by 'on 11.12.2021'. A call to action says 'Join us! and Play the Quiz' with the URL 'https://forms.gle/RBy3LUaJJ4YF6dHs8' and 'Secure 50% ! Grab your e-certificate!'. At the bottom, there are logos for the Department of EEE, KPR Institute of Engineering and Technology, and the 11 Sustainable Development Goals. The names and titles of the organizers, Dr. S. Ravindran and Dr. V. Kumar Chinnaiyan, are listed at the bottom.

## A YOUTH TALK on ENERGY SAVING

A youth talk on energy savings has been organized on Energy Conservation Day 14/12/2021. Students are asked to upload their action of energy saving and their ideas as a video limited to 90 sec max. Many students actively participated in the event and uploaded their photos and videos in the google form. They have been appreciated with certificate.

### Workshop on “Design of Energy Efficient Drive for Fan Application”

The Department of EEE and Mechanical Engineering organized a workshop on “Design of Energy Efficient Drive for Fan Application” on 15/12/2021 for student community. A heart-warming welcome was delivered by Dr.K.Mohanasundaram, Professor/EEE. Ms. R.Kavipriya, III EEE-A gave glimpse about the celebration of National Conservation Week-2021 and also brief about chief guest. Dr.B.Somasundaram, vice-president of IAEMP central council is deliberated the profits of using 5-star rated equipments and environmental benefits. The guest of the event Dr.Mayur Sundararajan, Business Head-Super Fan, Versa Drives Pvt. Ltd., Coimbatore has demonstrated the energy saving mechanism in day to day life. He had provided the few deliberations on

- Energy Efficient system
- Design on fan parts
- Five star rating
- Super fan/super Q fan

The 47 participants were ignited on the workshop and felt the daily usage of electricity and global warming impact. The Vote of thanks was delivered by Mr. P.Sethu of III-Mech. The department of EEE and Mechanical Engineering thanks to the IAEMP Coimbatore-Chapter and KPRIET for providing this opportunity to ignite the budding engineer to the national needs.

## Alumni Meet –December 2021

The Department of EEE organized an Alumni meet for 2019 and 2020 batch on 18/12/2021. A heart-warming welcome was delivered by Prof.G.Saravanan, AP(SI.G)/EEE and Dr.V.Kumar Chinnaiyan addressed the gathering and gave glimpse about the professional life in the current scenario. Dr. D.Sathish Kumar explained the alumni privilege cards usage and alma connect database benefits. All the alumni are enthusiastically shared their experience and also discussed about alumni association contribution to the needed people in the crucial situation. Prof. B.Lalitha delivered Vote of thanks

## Public awareness Programme on energy conservation - “Cycle Rally

A Bicycle rally is organized by department of EEE and ENSAV club in association with Sangamam – Riders Club (Bicycle) to promote cycling and create awareness about energy conservation in Thennampalayam and Rasipalayam villages on 19/12/2021. The event started by 08.00 am from KPRIET campus and reached Thennampalayam. There the awareness speech for energy conservation is presented to the public, around 50+ public participated. Then the rally started towards Rasipalayam village and there with “Do-Something” organization we made an energy conservation awareness campaign and distributed energy saving tips handouts, where lot of public participants gathered. The rally completed successfully by 10.00 pm by reaching KPRIET. The participants and volunteers were motivated with certification and refreshments.

# Product Development

<b>Product Title</b>	<b>DUAL AXIS CLEANING ROBOT</b>
<b>Name of the Supervisor</b>	Dr. I.Baranilingesan/EEE Dr.D.SathishKumar/EEE Prof.P.Praveena/EEE
<b>Product Description</b>	<p><b>OBJECTIVES</b></p> <p>This project aim is to develop an automated, simple and light-weight cleaning robot that practical to a modern buildings using a cost-effective microcontroller of Arduino as the brain of the robot.</p> <p><b>METHODOLOGY</b></p> <ul style="list-style-type: none"> <li>❖ This project is divided by two sections; software and hardware</li> <li>❖ Arduino software is used to write a program in Arduino Mega 2560 and this program is describes how the robot will be executed based on command given, also acts as a brain of microcontroller</li> <li>❖ Ultrasonic sensors are used to control the movement of robot, to change direction when a wall or obstacles are met.</li> </ul> <p><b>RESULTS AND DISCUSSION</b></p> <ul style="list-style-type: none"> <li>❖ The output of the robot is tested and executed successfully</li> <li>❖ It cleans the floors effectively</li> <li>❖ It saves more time than the human labor</li> </ul>

**Photograph  
of the  
Product**

**Project  
Application**

- ❖ It is used to clean the floors and window mirrors
- ❖ Further development for light-weight window robot that has capability to clean window panel vertically is still need to explore as almost all modern houses are using window glass curtain wall.
