VISION AND MISSION OF THE DEPARTMENT

Vision:

To be the **centre of higher learning** in the field of Electrical and Electronics Engineering by educating the students to meet the **global challenges** with **professional ethics and social consciousness**.

Mission:

- Providing **technical, intellectual and ethical** environment to the students through **knowledge centric education and research**.
- Collaborating with industries in the vicinity, nationally and internationally for exposure and **innovation**.
- Enabling the students to **serve the society** through **prolific ideas**.

Programme Educational Objectives (PEOs)

The Graduates of Electrical and Electronics Engineering will

- **PEO1** Possess an adequate knowledge to meet the needs of the stakeholders and excel in their chosen profession with good communication and managerial skills.
- **PEO2** Adapt to emerging technologies and practice their profession confirming to ethical and human values.
- **PEO3** Continuously improve the habit of self-study through professional development activities.

Programme Outcomes (POs)

Graduates of Electrical and Electronics Engineering will be able to:

- **PO1 Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- **PO2 Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- **PO3 Design/development of Solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

- **PO4 Conduct Investigations of Complex Problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- **PO5 Modern Tool Usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- **PO6 The Engineer and Society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- **PO7 Environment and Sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- **PO8 Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- **PO9 Individual and Team Work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- **PO10 Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- **PO11 Project Management and Finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- **PO12 Life-long Learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

Programme Specific Outcomes (PSOs)

Graduates of Electrical and Electronics Engineering will be able to:

- **PSO1** Develop skills to the expectations of the dynamic industrial practices in Electrical Engineering and allied areas.
- **PSO2** Analyze, design and integrate various renewable energy sources to meet the energy demand.

ASSOCIATION ACTIVITIES

Department Meeting

The department meeting was convened by the Head of the Department on 11/03/2022 by 12:55 P.M at EEE Board Room. The agenda of the meeting is as follows, ACM Points, S4 Syllabus Completion Status, Cleanliness follow-up by the non-teaching faculty, Updatations in Website and Social Media.

Workshop on “Smart Home Automation System using IoT”

The department of Electrical and Electronics Engineering organized a workshop on “Smart Home Automation System using IoT” on 12/03/2022 exclusively for third year students who have chosen "Home Automation" as an open elective. A heart-warming welcome was delivered by Dr.V.S.Chandrika, AsP, Dept. of EEE. Dr.C.Pazhanimuthu, AP (Sl.G) has delivered valuable presentation on role, importance and protocols for the development of home automation using internet of things. He had presented the discussions on

- Need and importance of home automation using IoT
- Recent technologies in IoT based home automation
- IoT Protocols
- Demonstration of home automation projects

The orientation program provided some of the interesting facts in home automation and IoT implementation to the elective opted students. The vote of thanks was delivered by Prof.C.Dinesh, AP (Sr.G)/ EEE. There were 105 students attended the programme and get benefited. The department of EEE thanks to the management for providing this opportunity to conduct the orientation program successfully.

The poster features the KPR Institute of Engineering and Technology logo with the tagline 'Learn Beyond' and 'Autonomous, NAAC "A"'. It also displays the Department of EEE logo and an AICTE-CII Best Industry-Linkage Award - 2020 trophy. The main text reads: 'Department of Electrical and Electronics Engineering Organizes a Workshop on "Smart Home Automation System Using IoT"'. A portrait of Dr. C. Pazhanimuthu, Assistant Professor (Sr.G) in the Department of EEE, KPRIET, Coimbatore, is shown. The event is scheduled for 12.03.2022 from 11:00 - 12:30 PM. Coordinators are Dr. V.S.Chandrika, AsP and Prof. C.Dinesh, AP (Sr.G). The location is Veena Hall. The poster also includes Sustainable Development Goals icons and a location pin for Veena Hall.

Quiz Series on Electric Vehicles – XXXIII

The department of Electrical and Electronics Engineering organized a “Quiz Series on Electric Vehicles – XXXIII” on 12/03/2022 open to all, who are keen on emerging EV technologies. The poster is circulated to various Institutions and in social media digitally. Participants from various Institutions, Universities and Industries across India and foreign nations have participated in this quiz. The participants who scored 50% and above were issued with Certificate of Appreciation.

The details of the Program Participants are given below:

Total Participants	:	106
Participants cleared the quiz and received Certificate	:	93

The poster is for a quiz series on electric vehicles. It features the logos of KPR Institute of Engineering and Technology and IEEE Students' Branch. The text on the poster includes: "Department of Electrical and Electronics Engineering", "Conducts", "Quiz Series on Electric Vehicles - XXXIII", "Come and Play the Quiz to Assess Your knowledge update on EV!", "on 12.03.2022", "Join us! and Play the Quiz", "https://forms.gle/v6YVagwFbxTz5Cuu9", "Secure 50% ! Grab your e-certificate!", and the names of the organizers: Dr. S. Ravindran and Dr. V. Kumar Chinnaiyan. There is also a QR code and a small image of an electric vehicle.

“Fluid Hackathon”

EIWTC-KPRIET International Water Technology Center, KPR Institute of Engineering and Technology, Coimbatore organized the “Fluid Hackathon” event in association with department of Electrical and Electronics Engineering on 22/03/2022 open to students. The poster is circulated to various departments. Fluid Hackathon organized with five problem statement.

- IoT based Water Management System
- IoT based groundwater monitoring system
- Smart app for water Management
- Smart automation in irrigation system
- Water Conservation in well

Mr.C.J.Vignesh Assistant Professor (Sr.G), Department of EEE, KPR Institute of Engineering and Technology welcomed the gathering and the Head of the Department, Dr. V.Kumar Chinnaiyan, Department of EEE, KPR Institute of Engineering and Technology, felicitated the function, Nearly 36 students from the various department participated in the Hackathon Event. The organizer of the program Prof. C.J. Vignesh, Assistant Professor (Sr.G), Prof. B.Lalitha, Assistant Professor (Sr.G) and Dr.S.Ravindran, Assistant Professor (Sl.G) department of Electrical & Electronics Engineering made all the necessary arrangements for the smooth conduct of the program. The program was concluded with the feedback session and certificate distribution to the participants. Dr.S.Ravindran delivered the vote of thanks.

Department Meeting

The department meeting was convened by the Head of the Department on 25/03/2022 at 12:55 P.M at EEE Board Room. The agenda of the meeting is as follows, Project Viva-voce, Updation of students' achievements, plan for the BoS, Parents Meeting and Class Committee Meeting and visit for the incubation centre.

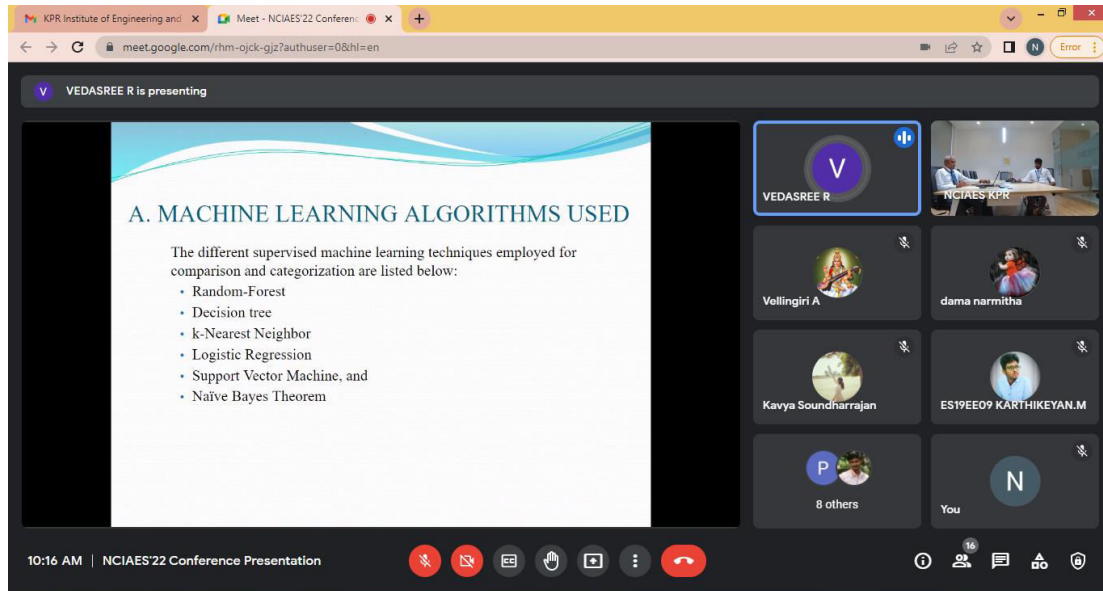

National Conference on “Innovations and Advancements in Electrical Sciences (NCIAES’22)”

The department of Electrical and Electronics Engineering organized Seventh National Conference on “Innovations and Advancements in Electrical Sciences (NCIAES’22)” on 26/03/2022 in Association with Indian Society for Technical Education (ISTE), IEEE Madras Section and IE(I). The significance of NCIAES’22 is emphasizes on “Greener Energy for future Generation”.

A heart-warming welcome remark was delivered by Prof.S.Vivekanandan, Assistant Professor (Sl.G)/EEE and Dr.A.M.Natarajan, Chief Executive Officer, felicitated the gathering. Dr.M.Akila, Principal of KPRIET presided over the function and delivered the presidential address. Dr.V.Kumar Chinnaiyan, Professor and Head/EEE presented a brief about the conference and the conference accomplishment on recent trends in the field of Electrical, Electronics, Communication and Computer Science Engineering.

Many research scholar and faculty members are contributed for NCIAES’22. The technical review committee accepted the quality of paper for presentation out of 95 papers. The delegates presented the ideas in the respective theme and the best paper was awarded in each theme. The conference is concluded with vote of thanks delivered by Prof.G.Saravanan.

Value Added Course on “MATLAB SIMULINK Toolboxes for Electrical Engineering (Series I)”

The department of Electrical and Electronics Engineering organized a Value Added Course on “MATLAB SIMULINK Toolboxes for Electrical Engineering (Series I)” from 24/03/2022 to 26/03/2022 exclusively for third year students. A heart-warming welcome was delivered by Dr.V.Kumar Chinnaiyan, Head of the Department. He conveyed the importance of skill development activity for the career growth.

Dr.V.S.Chandrika AsP/EEE has delivered valuable presentation on MATLAB Simulink Toolbox for Power Electronics. Prof.C.Dinesh, AP (Sr.G) / EEE, has delivered valuable presentation Getting started with Fuzzy logix toolboxes. Prof.P.Praveena, AP/EEE, has delivered valuable presentation Embedded Coder toolbox Dr.D.Sathishkumar AP(SI.G)/EEE, has delivered valuable presentation Power system simulation toolboxes. Prof.K.Balamurugan, AP/EEE, has delivered valuable presentation on Simulation of DC to DC Converter converters using MATLAB. Dr.S.Ravindran, AP (SI.G)/EEE, has delivered valuable presentation State Space Modelling using MATLAB.

The Value Added Course provided some of the interesting insights about the toolboxes that will be useful for electrical engineering. The vote of thanks was delivered by the VAC Co-ordinator, Dr.I.Baranilingesan, AP (SI.G)/ EEE. There were 87 students attended the programme and got benefited. The department of EEE thanks the management for providing this opportunity to conduct the value added program successfully.

Quiz Series on Electric Vehicles – XXXIII

The department of Electrical and Electronics Engineering organized a “Quiz Series on Electric Vehicles – XXXIV” on 26/03/2022 open to all, who are keen on emerging EV technologies. The poster is circulated to various Institutions and in social media digitally. Participants from various Institutions, Universities and Industries across India and foreign nations have participated in this quiz.

- This Quiz had 10 questions covering Electric Vehicle Technologies
- Each question carries 10 marks.
- The participants who scored 50% and above were issued with Certificate of Appreciation.

The details of the Program Participants are given below:

Total Participants	:	327
Participants cleared the quiz and received Certificate	:	282

The poster is a promotional graphic for a quiz series. It features a dark green header with the KPR Institute of Engineering and Technology logo and name, and the IEEE Students' Branch logo. Below the header, it says 'Department of Electrical and Electronics Engineering' and 'Conducts'. The main title is 'Quiz Series on Electric Vehicles - XXXIV' in large green letters. Below the title, it says 'Come and Play the Quiz to Assess Your knowledge update on EV!' and 'on 26.03.2022'. There is a QR code on the right side. Webinar on How to Plan for Startup and Legal & Ethical Steps

The department of Electrical and Electronics Engineering in association with Centre for Innovation, Incubation and Entrepreneurship Development organized a webinar on “**How to Plan for Startup and Legal & Ethical Steps**” on 31/03/2022 open to all, who are keen on startup activities.

The student Mr. M. Hari Hara Sudhan welcomed the gathering and Associate Professor Dr.P.Pandiyan felicitated the gathering. The resource person Er. P. Sushil Kumar, CEO – Shrimp Hoard Technologies, Founder – Pristyn Automations, Coimbatore deliberated the sessions and gave glimpse about different kind of startup’s and innovations. He was elaborated the legal and ethical steps related to startup ideas

Nearly 26 students and 6 faculty members were benefited. He shared his own experiences and ignited the students to do the startup. The session was concluded with the vote of thanks delivered by the student Ms. J. Janani.
