<ul style="list-style-type: none"> To encourage, train and enable local people to assume community responsibility through National Cadet Corps, National Service Scheme, Unnat Bharat Abhiyan, Youth Red Cross and Eco Club To transform knowledge and skills to local schools, community, voluntary student-run schemes through various technical and non-technical clubs To provide an effective technical solution to social issues through Centre of Excellence, Internships, Value Added Courses and Certification Courses To inculcate the roles and responsibilities of a professional with adherence to available financial resources and uphold the law through Placement Cell, Association Activities and Liberal Arts Courses 		
Introduction to the policy		
<p>The vision of our former president, Dr. APJ Abdul Kalam, is to develop our nation into one of the emergent countries in the world. Pertaining to his vision, nowadays it is very important to provide a quality education to the students. If the juvenile has been qualified with a quality education, then the entire nation would be gradually developed as like other countries. In this regard, educational institutions need to be established for the advancement of students. To accomplish this, an institution needs to provide a qualitative education for students in order to upgrade their skills in a versatile environment and make them successful professionals. Secondly an institution need to infuse the students to imbibe moral values such as self-discipline, ethics, rendering services to the needy one, climate change and general education.</p>
